

Review from last week:

Making him known by how we LISTEN TO GOD.

1 – If you're going to listen to God, you must first understand how important that is.

2 – If you're going to listen to God, you will need to want to. (If you don't currently want to...you need to WANT to want to.)

3 – If you're going to listen to God, you have to acknowledge your addiction to action. (*Activity, Productivity, Doing*)

4 – If you're going to learn to listen to God, you must choose to slow down and sit still.

Just like anything else in life, it will take concentrated effort, acquiring skills, and consistent willingness in order to learn what it means to listen to God.

He uses His Word, circumstances, other people, and many other things to impact our minds and our lives with His truth. But until we learn how to really listen, we will not hear what He has for us.

I did it wrong for many years and I can help you identify patterns or habits in your life that may be keeping you from hearing God clearly.

Call the office to set up a time in the coming weeks to talk and pray if you're ready for Next Steps in listening to the Father. 618-377-9259

I will help you in any way I can,

Tony
